

Announcing an exciting new project from the Presbyterian Committee on Congregational Song...

It's the new Presbyterian hymnal!

Featuring more than 600 selections from celebrated classics to the latest contemporary selections

Few can argue with the power of music to touch the heart. Voices shared in worshipful song allow us to honor God in a truly beautiful way. So in 2006, the General Assembly authorized the Presbyterian Publishing Corporation to research, develop, and produce a new hymnal—the first new Presbyterian hymnal since 1990!

It is a huge undertaking. Please join with us in asking God to guide our efforts to produce new resources for congregational song that preserve the best of the past while incorporating refreshing new selections that will inspire us all to sing God's praises for generations to come.

Visit www.PresbyterianHymnal.org for the latest news about this exciting project, scheduled for publication in 2014.
